The Lodge At Blue Lakes  
5135 West Highway 20  
Upper Lake, CA 95485

Attention: Maryann Schmid

Dear Maryann:

Words alone cannot express enough thanks for all that you, Arna & the Blue Lakes' employees did to make my daughter's wedding the memorable day that it was.

Everything was beautiful and ran so smoothly. You and your staff made us feel like family, assisting with the decorating, allowing us free reign with the banquet room & gazebo, helping to direct the wedding guests & everything else in between all the way through until it was time to say good-night to our guests.

Even with all the attention on the *beautiful bride* during the wedding, the panoramic view of the lake was remarked upon many times during the reception. How could that idyllic picturesque setting not be noticed as it made the perfect "Kodak Moment" for the photographer. I know a number of our guests who took advantage of Blue Lakes' setting to garner memories of their own.

The accommodations for those of us who chose to stay at the lodge both the night before & on the day of the wedding, found our rooms stylishly comfortable. It was so nice easing away the tensions with a soak in the jacuzzi & having our breakfast delivered to our room. We felt right at home.

My daughter wanted a "*princess wedding*" and you truly delivered beyond our expectations, I would surely recommend The Lodge at Blue Lakes to anyone wanting their ceremony & celebrations to end with a worry-free "*happily ever after.*"

Sincerely,

Cindy Clott  
(Mother of the Bride)
